

Company Profile

Overview:

Established in 1989, Lenane Holdings is a leading provider of civil works solutions based in the Midwest, Western Australia. With over 30 years of experience, the company has developed a solid reputation for delivering reliable, efficient services at competitive rates across a variety of sectors including exploration, civil construction, mining, and agriculture.

Core Services and Expertise:

Lenane Holdings offers a comprehensive range of services tailored to the needs of large, medium, and small-scale projects. These include:

- **Civil Construction:** Road construction, subdivision development, and site preparation for diverse applications such as rig sites, car parks, laydown areas, access roads, industrial developments, and transport yards.
- **Oil & Gas Industry Support:** Expertise from the exploration phase to production and rehabilitation. The company works with major clients such as Mitsui, Strike Energy, Beach Energy, MRL, Triangle Energy and Origin Oil & Gas, providing construction of access roads, rig sites, and production facilities.
- **Heavy Equipment and Transport:** Lenane Holdings owns and operates a fleet of over 106 modern Caterpillar earthmoving machines, as well as low loaders capable of transporting equipment up to 54 tons and tippers for material transport. The company also provides dry hiring services to a wide range of industries.

Industry Experience:

- **Civil Works:** With a proven track record in civil works, Lenane Holdings is experienced in handling a variety of construction tasks, from bulk earthworks to transport of materials, ensuring projects are completed on time and within budget.
- **Oil and Gas Sector:** The company has been a key service provider for the oil and gas industry in the Perth Basin, having completed numerous access roads, rig sites, and production facility projects for our major clients.
- **Mining and Agriculture:** Leveraging local knowledge and extensive equipment resources, Lenane Holdings also serves the mining and agricultural sectors, delivering specialized solutions to meet project-specific needs.

Fleet and Equipment:

Lenane Holdings is equipped with a diverse and well-maintained fleet, including:

- **Caterpillar Earthmoving Machines:** More than 106 units, enabling efficient and reliable civil construction services.
- **Low Loaders and Tippers:** Capable of transporting equipment and materials across the region, including low loaders for hauling up to 54 tons.
- **Heavy Vehicle Accreditation:** The company holds WA Heavy Vehicle Accreditation, ensuring compliance with safety and regulatory standards, verified through an annual external audit.

Safety, Quality, and Environmental Commitment:

Lenane Holdings maintains a strong commitment to safety, environmental responsibility, and high-quality service. The company's Integrated Management System (IMS) ensures compliance with safety, environmental, and quality standards. Lenane Holdings holds certifications in the following internationally recognized standards:

- **ISO 9001:2015** (Quality Management)
- **ISO 45001:2018** (Occupational Health & Safety)
- **ISO 14001:2015** (Environmental Management)

The company prioritises a culture of safety, aiming to prevent incidents and injuries while maintaining an environmentally responsible approach to all operations.

Management Team

Our management team is the driving force behind the company's success, expertly navigating challenges, and optimising opportunities. With a diverse mix of skills in finance, operations, technology, and human resources, they lead with collaboration and strategic vision. Their unified approach aligns with our mission, fostering growth and long-term sustainability. Adaptable and resilient, our team ensures swift responses to the ever-evolving business landscape.

Team and Capabilities:

The success of Lenane Holdings is driven by its highly trained and experienced personnel, including qualified heavy-duty diesel mechanics. This professional team ensures the company's fleet is well-maintained, minimizing downtime and ensuring the timely completion of projects.

Local Knowledge and Client Focus:

With deep local knowledge and a customer-centric approach, Lenane Holdings is renowned for its flexibility and ability to meet project-specific criteria. The company is well-regarded for its dedication to completing projects on time and on budget while adapting to any challenges that arise in the field.

Key Clients and Partnerships:

Lenane Holdings has established strong relationships with major industry players. Notable clients include:

- Mitsui
- Strike Energy
- Beach Energy
- APA Group
- Triangle Energy
- MRL/ERL
- Iluka
- Q Design & Construction
- CGG
- MWPA

Conclusion:

Lenane Holdings is a trusted partner for civil works and infrastructure projects across Western Australia. Its extensive experience, commitment to safety and quality, and comprehensive range of services make it a standout player in the civil construction, oil & gas, and mining industries. The company's ability to deliver reliable, cost-effective solutions while meeting regulatory requirements ensures that it remains a preferred choice for clients across multiple sectors.
